

# How often are people getting injured? per 100 workers

## TOP 3 Health & Safety Orders written by Officers

### Obligation to use Fall Protection

OHS 11.2(1)(a)

Unless elsewhere provided for in this Regulation, an employer must ensure that a fall protection system is used when work is being done at a place from which a fall of 3 m (10 ft) or more may occur.

### General Duties of Employers

WCA21(2)(e)

An employer must provide to the employer's workers the information, instruction, training and supervision necessary to ensure the health and safety of those workers in carrying out their work and to ensure the health and safety of other workers at the workplace.

### Guardrail Locations

OHS4.55(a)

An area accessible to workers must have guards or guardrails installed if a raised floor, open-sided floor, mezzanine, gallery, balcony, work platform, ramp, walkway, or runway is 122 cm (4 ft) or more above the adjacent floor or grade level.
