

NCSO®/NHSA™ PROGRAM ROADMAP

Courses taken directly with
BCCSA
BC Construction Safety Alliance

This road map is designed to assist **NCSO®** or **NHSA™** participants in determining the order they should take the courses required to complete the **NCSO®/NHSA™** programs. The course requirements are the same for both designations. BCCSA strongly recommends that students complete the courses in the order numbered below, with added compulsory and elective courses as instructed in the blue area.

Courses taken with
APPROVED TRAINING PROVIDERS
(Compulsory & Electives)

1
SiteReadyBC & PHSM
Principles of Health & Safety Management

PIM
Principles of Injury Management
WHMIS 2015
Train the Trainer
TST
Train the Safety Trainer

2
LSE®
Leadership for Excellence

3
4
COR®
Internal Auditor Training
Student Audit Assignment
NCSO® applicants: Required
NHSA™ applicants: Not Required
